## PROFESSIONAL EXPERIENCE

AVIATION  
PHOTOGRAPHER  
2008 - 2010

CLUB WINGS  
aviation magazine

Sofia, Bulgaria

My work in Club Wings magazine was my first as a full time aviation photographer. I had a lot of opportunities to organize and realize many and very different photo shootings, including my first air-to-air of military aircraft. There I had the chance to create some really good contacts in aviation sector and to work with them to the present.

OFFICIAL  
PHOTOGRAPHER  
2010 - 2017

BULGARIAN AIR FORCE

Sofia, Bulgaria

Starting the work for the Bulgarian Air Forces open me a lot of doors and bring me to the next level of the aviation photography. I had the full trust of the commanders of the BuAF and had the chance to make a lot of air-to-airs and even from MiG-29. There I met and worked together with some of the best military pilots and professionals ever. For the years in the air forces I made dozens of calendars, albums, postcards, brochures, posters, exhibitions, folders, emblems, etc. I believe that I helped for the consolidation of the aviation photographers society and the Bulgarian Air Force, which was another part of my responsibilities there
